### FINISH THE SLIPPERS

■ Sew tops to sides of slippers, leaving straps free.

#### felt the slippers

■ Use a low water setting and hottest temperature in a top loading washing machine. Add a small amount of laundry detergent and some old jeans or towels for agitation. Place slippers in a lingerie bag or zippered pillowcase and add to machine. Check the felting progress frequently, removing slippers when felted to the desired size. Place slippers in cool water to stop the felting process and remove suds. Remove from bag and roll gently in towel to remove excess water. Block and shape while still damp. Allow to air dry completely.

■ Sew buttons securely in place at end of straps, working through both layers. ⌚
